BASS-5100

Našumas – 2800 siūlių per 8 darbo valandas

A few examples of the use of the BASS 5100 are illustrated here. A high level of sewing accuracy characterises the BASS 5100 for the production of side sewn pockets.

1 *Straight pocket opening*

2 *Curved pocket opening*

The BASS 5100 is a sewing machine for processing straight and curved (side) seam pockets.
